

Central Integrated Primary School

**POLICY FOR THE
ADMINISTRATION OF MEDICATION IN SCHOOL**

September 2021

ADMINISTRATION OF MEDICATION IN SCHOOL

The Board of Governors of Central Integrated Primary School wish to ensure that pupils with medication needs receive appropriate care and support in school.

The employing authority will accept responsibility for members of the school staff giving or supervising pupils taking prescribed medicine during the school day where those members have volunteered to do so.

Please note that parents should keep their children at home if acutely unwell or infectious.

- Parents are responsible for providing the Principal with comprehensive information regarding the pupil's condition and medication.
- Prescribed medication will not be accepted in school without a complete written request and signed instructions from the parent. This should include a note from a Doctor or Pharmacist to indicate dosage and times for administration.
- Staff will not give a non prescribed medicine to a child unless there is specific prior written permission from the parents.
- Only reasonable quantities of medication should be supplied to the school (for example, a maximum of four weeks supply at any one time).
- Each item of medication must be delivered to the Principal or Authorised Person, in normal circumstances by the parent, **in a secure and labelled container as originally dispensed**. Each item of medication must be clearly labelled with the following information:
 - Pupil's Name.
 - Name of medication.
 - Dosage.
 - Frequency of administration.
 - Date of dispensing.
 - Storage requirements (if important).
 - Expiry date.
- **The school will not accept items of medication in unlabelled containers.**

- Medication will be kept in a secure place, out of the reach of pupils. Unless otherwise indicated all medication to be administered in school will be kept in a locked medicine cabinet.
- The school will keep records, which they will have available for parents (see Appendix AM4).
- If children refuse to take medicines, staff will not force them to do so, and will inform the parents of the refusal, as a matter of urgency, on the same day. If a refusal to take medicines results in an emergency, the school's emergency procedures will be followed.
- It is the responsibility of parents to notify the school in writing if the pupil's need for medication has ceased.
- It is the responsibility of parents to renew the medication when supplies are running low and to ensure that the medication supplied is within its expiry date.
- The school will not make changes to dosages on parental instructions.
- School staff will not dispose of medicines. Medicines, which are in use and in date, should be collected by the parent at the end of each term. Date expired medicines or those no longer required for treatment will be returned immediately to the parent for transfer to a community pharmacist for safe disposal.
- For each pupil with long term or complex medication needs, the Principal, will ensure that a Medication Plan and Protocol is drawn up, in conjunction with the appropriate health professionals.
- Where it is appropriate to do so, pupils will be encouraged to administer their own medication, if necessary under staff supervision. Parents will be asked to confirm in writing if they wish their child to carry their medication with them in school i.e. relevant to asthmatics.
- Staff who volunteer to assist in the administration of medication will receive appropriate training/guidance through arrangements made with the School Health Service.
- The school will make every effort to continue the administration of medication to a pupil whilst on trips away from the school premises, even if additional arrangements might be required. However, there may be occasions when it may not be possible to include a pupil on a school trip if appropriate supervision cannot be guaranteed.

- All staff will be made aware of the procedures to be followed in the event of an emergency.

Appendix 1

Additional Advice to staff

Pupils generally require short term prescribed medicine for acute conditions, such as an ear or chest infection. Written parental consent must be obtained regarding medicine to be administered: clearly labelled as above. (Letter or Form AM2).

Accurate records should be kept of each time medication is administered. (Form AM5).

Where pupils are on self medication e.g. paracetamol or cough mixture, the responsibility for medication should be with the child, if he/she is of an appropriate age and understanding.

All medication should be labelled appropriately and Parental consent must be secured in writing.

Educational Trips

- Ensure all necessary medicines are taken on school trips. A first aid kit should also be taken.
- A copy of any Medication Plan should be taken on visits in the event of the information being needed in an emergency.
- Full contact details for parents, medical staff should also be taken.

September 2021

This policy will be reviewed every two years.
